Allocate Cookies and Payments

Initial Order (IO) cookies and cookies picked up at cupboards belong to the troop, not the individual girls, and the troop is financiall responsible for those cookies. Cookies distributed to each Girl Scout are the financial responsibility of that girl (caregiver). Girls earn rewards for the number of cookies they sell. For this reason, each package of cookies sold must be allocated (assigned) in eBudde to girls before the end of the cookie program.

eBudde accounts for each girl's (caregiver's) financial responsibility, and troops should record cookies allocated to girls and payments received under the **GIRL ORDERS** tab. Package allocations and payments should be recorded often to keep the troop's inventory up-to-date and to keep the girl information as accurate as possible.

GSCO suggests that troops allocate early and often to help keep track of the troop's inventory and girl payments, and to track the girls' progress towards rewards.

Add Transactions and Payments

- Click the **GIRL ORDERS tab**
- Select the girl by clicking her name.
- Select **+ADD** button (to add or remove product) or **+PAY button** (to track money received from the girl.

- The screen will come up to enter +/- quantity of cookies by variety and payment; enter a note in the comment box too (receipt number, date, other relevant info).

  ○ If a girl has returned cookies, you can add a "-" (minus sign) in a girl's transaction to take cookies away from a girl and put them back into the troop's inventory.
  ○ You can also make corrections to an entry by clicking on that line and entering your edits.

- Click **SAVE** and **Okay** to record the data.

- Verify the due and paid amounts on the girl totals line match.
- **Verify the amount listed in the difference line under the total column is zero. Don't worry if the other difference line items do not equal zero, the total difference is the only one that matters. This must be done before rewards are submitted.**
  ○ If there is a negative number, the troop has cookies left in its inventory. Assign all the packages to the girls who sold them/will sell them.
  ○ If there is a positive number, the troop has over allocated cookies to girls. Remove the over allocated cookies from each girl who did not sell that many.

Allocate Troop Site Link Transactions

In order for girls to get credit for the variety of cookie sales made through the link, the transactions have to be divided up and allocated to the girls in eBudde. No cookie sales can remain on the "troop site." It must be "zeroed out" before closeout.

Once the transactions are allocated to the girls, they will count towards girl rewards - *except for Digital Cookie rewards -* **and doing so will ensure that total sales for per girl average (PGA) is accurate.**

Steps to allocate transactions from troop site link to girls:

- Any sales that are acquired from your troop Digital Cookie site link will be credited in eBudde to your "troop site" which will appear under the GIRL ORDERS tab. The order will be listed as "TroopXXXXX S."

- TCMs will need to record multiple transactions to move the sales.*

Submit Final Rewards

eBudde automatically calculates rewards for girls based on the number of packages allocated to each girl at the close of the Cookie Program. TCMs must enter reward choices and/or sizes for some of the rewards based on what the girl has selected if known, or if not known, make your best guess. Always choose the item or event over Cookie Credits. If you find out later the girl would rather have Cookie Credits, GSCO can make the change.

Hometown Heroes

Hometown Hero Cookies (HTH) - If you need additional cookies to fulfill your HTH donation, you can pick them up from the cookie exchange before the program closeout or from a cupboard.

If you have excess troop cookie inventory, you can fulfill the quantity of HTH cookies needed by taking them from troop cookie inventory and making note in eBudde.
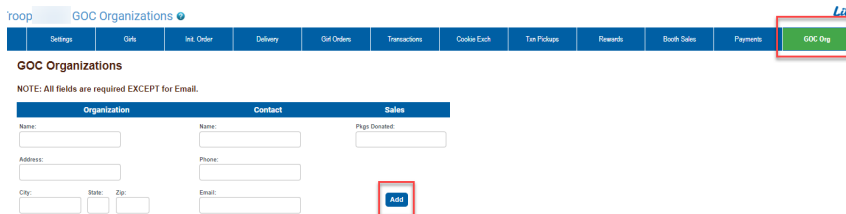

- Enter all HTH cookie orders in the HTH column in eBudde under each girl who sold them and record the money collected for these packages in the same line.
- All arrangements for selection, delivery, and shipment of HTH cookies are the troops' responsibility.
- Last day to deliver HTH cookies is June 30, 2025.

Gift of Caring

If troops only have some cookies to fulfill HTH donations, but not all, the designation of donations can also be split between HTH and GOC in eBudde.

Girls ask customers to buy cookies from their troop to be donated. The girls collect the money, but do not physically take possession of the cookies; GOC cookies are not part of your physical troop inventory.

- On the **GIRL ORDERS** tab, click on a girl name, then click on the **+ADD** button, and enter GOC cookie order and record payment. Then click on **Save** and **Okay**. Repeat these steps under each girl who collected donation money for GOC cookies.

- No need to order from a cupboard to account for these "virtual" packages. eBudde allows this to be automatically calculated.

Don't forget! **If your troop is participating in the Hometown Hero program, you must fill out the GOC Org tab with the HTH organization information.**

This must be done for girl to earn their HTH charm!

See list of girl rewards in the TCM guide. You can also see all the rewards on the girl order card and listed on the reward selection form. Go to the Cookie Resources page to access.
